

ACETYLATOR™

» Supports Proper Functioning of Gut, Bowel, and Urinary Tract Health

Acetylator™ is a formula designed to support proper functioning of gut, bowel, and urinary tract health.

Acetylator™ is a combination of N-acetyl glucosamine, digestive enzymes and *Lactobacillus acidophilus*, to help support the protective layers of the bowel. It also helps maintain genito-urinary tract health.

About the ingredients:

» N-acetyl Glucosamine is a form of glucosamine that is found naturally in the glycoprotein layer of mucous membranes (such as digestive, genito-urinary and respiratory tracts and other organs). It helps to support the production of glycoproteins, which supports structural integrity and healthy function of various glyco-protein layers. N-acetyl glucosamine also helps to support the body's natural protective barriers against acids, enzymes, and invading microorganisms.

» Proteolytic Enzymes (pepsin, papain and bromelain) help to support digestion normalize stress on the mucous membranes

» *Lactobacillus acidophilus* helps to support beneficial microbials in the intestines.

Available in capsule for easy administration.

ACTIVE INGREDIENTS PER CAPSULE:

N-Acetyl Glucosamine **250 mg**
(Shrimp and Crab)
Proprietary blend **14.5 mg**
Microencapsulated *Lactobacillus acidophilus*
(nondairy), Bromelain, Papain, Pepsin

Inactive Ingredients: fructooligosaccharides (FOS), hypermellose, gellan gum, maltodextrin.

ACETYLATOR™
0900374.120

PRODUCT DETAILS:

Acetylator™ is recommended to support the health and integrity of the glycoprotein layer in the digestive and urinary tract.

DIRECTIONS FOR USE:

Initial: (7 - 10 days)
Up to 30 lbs: 1 capsule, 2 times daily
30-60 lbs: 2 capsules, 2 times daily
Over 60 lbs: 3 capsules, 2 times daily

Maintenance:
Up to 30 lbs: 1 capsule daily
30-60 lbs: 2 capsules daily
Over 60 lbs: 3 capsules daily
